

MICHELIN® X® TWEEL® TURF AIRLESS RADIAL TIRE PART NUMBER & MAX LOAD CHANGES

The part number can be found on the Tweel label.

The Max Load can be found on the Tweel label and the shoulder of the Tweel.

ACTION REQUIRED

Michelin has increased the load carrying capacity of all new 26x12N12 MICHELIN® X® TWEEL® Turf from 862 lbs. to 1031 lbs. per Tweel. The load is increasing to meet new market demands. The max load can be found on the tire label and the shoulder of the Tweel. For optimal deck leveling, please use Tweels with matching load ratings on the right & left side.

DESCRIPTION	OLD MSPN	OLD CAD	OLD MAX LOAD	OLD WEIGHT		NEW MSPN	NEW CAD	NEW MAX LOAD	NEW WEIGHT
